Thank you for your interest in Wide Eye Creative!

Please complete the short hypothetical assignment outlined on the next page, and return your results to jen@wideeyecreative.com.

If you have any questions on the assignment, or if for whatever reason you do not feel like you have the tools at your disposal to complete this assignment, please reach out to jen@wideeyecreative.com and we'll do our best to come up with alternative arrangements.

OVERVIEW OF ASSIGNMENT

Senator Jim Harris is preparing to make a run in the 2016 Presidential campaign. While he has a large supporter base and is respected as a politician, the splash page launch will be the first announcement of his bid for President.

The Photoshop mockup has been approved by the campaign. Please develop a standalone interactive, responsive splash page based on the following designs:

Jim Harris splash page designs

DELIVERABLES

Please deliver all final files in a single folder including all HTML/CSS/JS/image files.

NOTES

- The page should be built using Twitter Bootstrap. It should be optimized for desktop, tablet, and mobile.
- Cross-browser compatible back to IE9.
- Retina-ready.
- The form does NOT need to capture data, but should be interactive.
- Source Sans Pro and PT Serif from Google Fonts is used throughout.
- Social icons are created using Socialico font but the font does NOT need to be used in the final product.
- The "Learn more" button should, when clicked, display a short headline and three paragraph bio. Please use your best UI/UX instincts on how to effectively display that content.
- Please use any front-end flourishes (animations, hovers, etc) of your choosing.
